

There is Coffee and Coffee and Coffee, but Bakers' Barrington Hall, the STEEL CUT COFFEE

Beats them all and satisfies the most fastidious.

40 CENTS A CAN

Costs no more than any other. Pure Mocha and Java prepared in a new way. The coffee berry is cut up (not ground) by knives of almost razor sharpness into small uniform particles. Thus it is not crushed, as by the old method of grinding, and the little oil cells remain unbroken. The coffee oil (food product) cannot evaporate and is preserved indefinitely. This is one reason why a pound of Barrington Hall will make 15 to 20 cups more of full strength coffee than will any coffee ground the old way.

But the real significance of Barrington Hall Coffee is that it can be used without ill effect by those who find ordinary coffee injures them. Try it.

CHICAGO MOURNING

Fly Flags At Half Mast on Many Buildings.

FIELD STORES ARE CLOSED

All the Merchants on State Street Will Close Their Stores From Twelve o'clock Till One, While Field's Funeral is in Progress.

CHICAGO, Jan. 18.—Chicago went into mourning yesterday for the death of Marshall Field. From the board of trade, most of the banks and practically all of the big wholesale and retail stores flags were flung at half mast, while the Field's stores remained silent behind closed doors and drawn shades.

While almost every organization devoted to the interest of the development of Chicago adopted resolutions honoring the memory of Mr. Field, the State Street merchants met and agreed to close their stores tomorrow from twelve to one o'clock while the funeral is in progress.

The board of trade, of which Mr. Field was a member, will stop trading for the day at 12:30 o'clock and the Geerer library of which he was a director under the will of John Geerer, will be closed after 11 a. m. The Chicago Stock Exchange will close at 12:30.

In connection with the announcement of the funeral arrangements there came out last night plans for a peculiarly touching tribute which will suggest the respect and affection felt for the dead merchant by all associated with him in business. This tribute will take the form of a memorial meeting of the employees of the Field stores, which will be held in the auditorium at 4:30 o'clock tomorrow afternoon, just after the funeral and burial. The meeting will be addressed by a number of department heads, officials of the company and by old employees who knew Mr. Field personally.

In as much as the auditorium will not seat half of the 10,000 employees of Marshall Field & Co. in the city, the memorial meeting will be especially for the older employees.

WRITES TO ROOSEVELT.

Authorities Hunting for Supposedly Insane Woman.

NEW YORK, Jan. 18.—United States government officials are looking for Elizabeth M. Holmes, wife of William M. Holmes, proprietor of a nickel plating establishment here, who, it is said has for several months been sending letters to President Roosevelt. The purport of these is that the president is at the head of a gang which is persecuting her.

Mrs. Holmes has been away from her

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it. Herpicide is the only genuine scalp and hair conditioner.

Herpicide is successful because it attacks and kills the parasitic germs which feed on the hair roots. It is the original and only genuine scalp and hair conditioner. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Eagle Drug Store, 351-353 Bond St., Owl Drug Store, 549 Com. St., T. F. Laurin, Prop. "Special Agent."

home for two days and is supposed to be in Washington.

Mr. Holmes put himself in communication with the United States District Attorney for the eastern district of New York yesterday. He said that he desired to take steps for the removal of his wife to an asylum as soon as she was found.

WILL CONFER.

NEW YORK, Jan. 18.—Ben Johnson, president of the American League was in town yesterday and today will have a conference with President Pulliam of the National League regarding the playing dates for next season. As matters now stand the National and American Leagues will begin their championship five days apart, the Nationals on April 1 and the Americans on April 17. This would seem as if there would be many conflicting dates between the two leagues and it is to avoid such a contingency that President Johnson has come to New York to go over the schedules with the National League leader.

So far as the New York club is concerned, President Johnson says that the Philadelphia Athletics would probably open the season with Griffith's team at American League Park on April 17.

President Johnson also announces that "Jimmy" Collins had signed a contract to manage the Boston team again. The very serious differences between President Taylor and the manager led many persons to believe that the rupture could not be healed, but the signing of Collins evidently means that all trouble in the club has been eradicated.

MINING DEAL.

SALT LAKE CITY, Jan. 18.—The Herald this morning says that W. J. Guthrie of Butte, Mont., representing financial interests of Butte and Boston has secured an option on the stock of the Grand Gulch Mining Company of Mohave County, Ariz. The property is a copper producer and the price to be paid is \$500,000.

WILL DELIVER GOODS.

CHICAGO, Jan. 18.—A dispatch to the Tribune from Guthrie, O. T. says:

"Rough Rider" G. Franz, recently appointed governor of Oklahoma, received this message from President Roosevelt last night: "Have just read your address. It covers the ground. You will deliver the goods. Here's hoping."

BIG PURCHASE.

Standard Oil Magnate Buys Land in Pasadena.

LOS ANGELES, Jan. 18.—L. V. Harkness, Standard Oil magnate, has purchased another place on South Orange Grove Boulevard, Pasadena. The consideration named is \$50,000. This is accepted as confirmation of the rumors that Mr. Harkness is seeking to make Pasadena a winter residence headquarters for the millionaires who are associated with John D. Rockefeller in Standard Oil.

A few weeks ago Harkness purchased Carmelita, one of the finest residence properties in Southern California. It was then declared that Harkness had bought it for Rockefeller, who would occupy the house next winter. This rumor was never definitely denied by Harkness.

MONSTER PETITION.

Big Petition to Oust Senator Smoot to Be Presented to Congress.

NEW YORK, Jan. 18.—Eighty volumes containing the signatures of American women who desire to see Senator Reed Smoot of Utah ousted from the United States Senate will be sent to Washington this week. Six months ago the National League of Women's Organizations sent an appeal to every state in the union, asking women to

help in the fight against Smoot by signing a memorial to the United States Senate asking the expulsion of Senator Smoot on the ground that he pledged his first allegiance to the Mormon hierarchy, thus setting it above the United States government. The question of polygamy is not raised.

The eighty volumes are to be distributed among the Senators and the protest they represent will be presented by Senator Burrows of Michigan. Then each Senator in turn will present the signatures from his state.

WILL BUILD SEA WALL.

San Francisco to Commence Construction of \$2,000,000 Sea Wall.

SAN FRANCISCO, Jan. 18.—The Supreme court today upheld the validity of the act authorizing the construction of the San Francisco sea wall. The state harbor commission, it is understood, will now issue bonds from time to time until \$2,000,000 worth are on the market.

HE TAUGHT RELIGION

School Teacher Charged With Christianizing Jews.

EXAMINED BY SCHOOL BOARD

Teacher is Charged by Sixty Jewish Families With Coveting Their Offspring to Christians. He Taught the Scholars the Lord's Prayer.

NEW YORK, Jan. 18.—For four hours last night Frank F. Harding, president of public school No. 141, in Brooklyn, was put through a rigid examination on a charge of "Systematically christianizing his pupils," seventy-five percent of whom are said to be Hebrews.

The excitement reached such a pitch that the chairman threatened to call the police to clear the room of every person but those directly concerned.

The charge was made in writing and signed by the heads of sixty families all Hebrews. It was said that President Harding read the bible, spoke of Christ and had holy pictures on the wall.

On little girl testified that the principal said every person but a hypocrite, believed in Christ. The principal admitted part of the charges, he denied the rest. He said he read quotations from the scriptures, but not from the bible, the quotations being in a small book entitled "Gems of Wisdom." He did not deny that there might be a few holy pictures on the walls.

"Did you read the Lord's prayer to the children?" the attorney for those making the charges asked.

"No," the principal answered with enthusiasm, "I know the Lord's prayer and recited it to the children." The hearing is to be continued today.

In the maintenance of cotton prices even Mississippi knows no color.

Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by Frank Hart, and leading druggists.

Pleasant and Most Effective.

T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec. 25, 1902:

"With pleasure and unhesitatingly I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it my family and can cheerfully affirm it is the most effective and best remedy for coughs and colds I have ever used."

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effective medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by Frank Hart and leading druggists.

WISHED FOR DEATH

Nervous Woman Tries to Kill Herself with Revolver.

THE WOMAN IS ARRESTED

Policeman is Called and Finally Arrests the Lady for Attempted Suicide. The Coroner Will Investigate the Circumstances Surrounding.

NEW YORK, Jan. 18.—Coroner Brewer of Brooklyn, received a summons just before last midnight to hasten to the home of Otto F. Bothfield, a wealthy commission merchant living in the exclusive section of Bay Ridge, and investigate the shooting of Mrs. Bothfield who was dying of a bullet wound in the head.

Though the police had received no notice of the tragedy, Dr. Brewer was informed that the shooting had taken place early yesterday. A misunderstanding was responsible for the failure of the family to notify the authorities. The coroner's presence was desired to take Mrs. Bothfield's ante mortem statement. A policeman was dispatched to the home of the Bothfields and after inquiry he placed the dying woman under formal arrest on a charge of attempted suicide.

At the time of the shooting there were present in the house Mr. Bothfield's two sons, Rudolph O. and Harry J., a married daughter, Mrs. Arthur D. Constant, and the servants.

The family who have been alarmed for two months because of the highly nervous condition of Mrs. Bothfield, were aroused early in the morning by a pistol shot followed by the sound of a body falling.

The children hastened to the room occupied by their parents and found Mr. Bothfield bending over the body of his wife. He said she had left the bed so carefully as not to disturb him and reached a bureau in a draw of which was kept a loaded pistol. Mr. Bothfield said his wife had apparently pressed the weapon to her left temple and pulled the trigger. Coroner Brewer and the police will conduct an investigation.

Mr. Bothfield is a commission merchant with offices at 54 Broad Street, this city, is a member of the Ridge Club of Bay Ridge and Mrs. Bothfield is a leader in society of the district.
